Report of the Executive Committee.

WHICH MET IN OTTAWA, MAY 30TH. (Read by the Registrar).

The committee met on May 30th., at 2.30.

Present:

Dr. MacNeill, Hon. Dr. Brett, Hon. Dr. Thornton, Dr. J. C. Connell, Dr. R. E. Walker, Dr. L. P. Normand.

The Secretary, Dr. Powell, read a letter from Sir Thomas Roddick, saying he was not able to attend the sessions this year.

The Secretary then made a verbal report as to the composition of the council about to convene.

It was decided that a Committee on credentials should be asked to report by the President, before the roll call, when Council meets.

The Registrar's report was discussed and another paragraph ordered to be inserted.

The president appointed Drs. Thornton and Walker, a committee, on credentials.

The Committee recommends that steps be taken to insure that due and constant publicity be given in the public and medical press to matters concerning THE MEDICAL COUNCIL OF CANADA, and the results of the several examinations.

Recommended that the Registrar take steps to secure from each Medical Faculty in Canada in each year a complete list of registered medical students, and that a circular of information in re THE MEDICAL COUNCIL OF CANADA be prepared and a copy mailed to each student so registered.

Recommended that the salary of the Registrar, Dr. R. W. Powell, be \$3,000 per annum, from June 1st, 1921.

That the Council desires to express its deep regret at the death of one of the original members of this Council, Dr. Hugh A. MacCallum, of London, Ont., and to place on record its appreciation of the service rendered by him to this Council and to the cause of Medicine in Canada.

That a copy of this resolution with an expression of sympathy, be sent to his widow and family.

The Executive Committee desires to report to Council, that the agreement with the College of Physicians and Surgeons, of British Columbia, to conduct the only qualifying examinations held in the Province has been carried out in a mutually satisfactory manner and would recommend to other provincial Councils the advisability of entering upon a similar relationship.

Moved by Hon. Dr. Brett, "That the report of the Executive Committee be considered clause by clause."—Carried.

Clause (1), Agreed; Clause (2), agreed; Clause (3), agreed.

Dr. Blackader agreed to publish in English, in Journal of the Canadian Medical Association, items of information concerning the Annual meeting, and also concerning the examinations.

Dr. Harwood agreed to publish in French, all news in the L'Union Medical on similar lines to the foregoing.

Clause (3). A special Committee was nominated, by the President, as follows, to carry out the matters concerning publicity of the actions and affairs of the Council:

Drs. Connell, Blackader, Harwood and Morgan.—Agreed.

Clause (4), agreed; Clause (5), agreed; Clause (6), agreed.

Clause (7). Dr. Walker explained the relation between the Medical Council of Canada and the College of Physicians and Surgeons of British Columbia, in regard to the examination for license to practise in British Columbia.

Dr. Revell explained the method by which registration for practice was granted in the Province of Alberta.

Dr. Young explained matters in connection with registration for license in the Province of Saskatchewan.

Clause (7), agreed.

On motion the Executive Committee's report was carried as read.

The report of the Registrar was then read by Dr. Powell.

Registrar's Report.

JUNE SESSION, 1921.

TO THE PRESIDENT AND MEMBERS,

MEDICAL COUNCIL OF CANADA.

Gentlemen,—

As you are aware the last session of Council marked the close of the second term of the Council and to-day inaugurates the new term. While it is true that a large number of former Councillors have been re-appointed, yet a number of new faces will appear to take part in your affairs.

I have to report that the arrangements for a triple centre for the June examinations last year were carried out without a hitch of any kind and it is a great pleasure to me to bear testimony to the faithful and accurate work performed by the two deputies, viz: Dr. F. C. Bell, of Winnipeg, and Dr. A. P. Procter, of Vancouver.

The October examinations took place at Montreal, as usual, and on that occasion we had 37 candidates, three of whom wrote in French.

For the approaching examination on June 14th, with a triple centre again, I am gratified to report that my potential list up to to-day is the largest I have ever had, and while a considerable number have notified me for a variety of reasons that they will be unable to appear, yet, when registration closes, on June 1st, I confidently expect the largest class of candidates we have ever had since our examinations were inaugurated, in 1913.

I have the same thing to say now, as before, viz: that amongst those who are coming up we will have about the same number coming back for supplementals as usual, which to my mind is the best of all indications that the candidates realize the value of registration on the Canada Medical Register.

The audited statement that has been sent to each Councillor shows that during the financial year there were registered 53 men under the ten year clause. For the period since the meeting of Council, on June 1st last year,, until to-day, I have registered 55 men under the ten year clause.

I repeat again to Council that amongst those who have registered since last June, there does not appear the name of even one examiner, even though for four years Council has suggested the propriety or advisability of Examiners of the Council becoming registered on the Canada Medical Register.

In December last, with the assistance of Dr. Connell, we prepared a circular of information for students and recent graduates and it was circulated to all the fourth and fifth year students in the Canadian Medical schools.

This is the second occasion upon which this propaganda was undertaken and I understand it has been of great advantage to the students, and much appreciated.

To the Deputies who have acted with me, I wish to return my very grateful thanks.

To the various Boards of Examiners, I desire to bear testimony to their faithful and arduous work and to state to Council that it is my conviction that they have carried out their duties with a single eye to retain your examinations at a reasonable level of efficiency and to mark registration on the Canada Medical Register by examination as something well worth possessing.

I may be permitted now to hope that my relations with the Councillors will continue on in the same pleasant and agreeable way and that the new Councillors will bear with my shortcomings, as have their colleagues with whom I have been working for nine years.

I beg to close with presenting the statistics of the examinations of last June and also those of the October exams., 1920.

Respectfully submitted,

(Sgd.) R. W. POWELL,

REGISTRAR.

I have examined the books, accounts and vouchers of the Medical Council of Canada for the year ending March 31st, 1921, and certify to the correctness of above statement.

The Dominion of Canada War Bonds, par value \$15,000, are deposited with the Canadian Bank of Commerce, Ottawa, Ont.

The Registrar's bond has been continued in force for one year, from June 23rd, 1920.

GEO. L. BLATCH, F.C.A.,
AUDITOR.

Ottawa, April 7th, 1921.

On motion the report of the Registrar was adopted as read.
Dr. Revell gave notice of motion.

Moved by Dr. Jarvis, seconded by Dr. Sugden, in accordance with notice given to the Registrar over a month ago that whereas in re Homeopathic Practitioners, the amended Canada Medical Act, Sec. 14, provides as follows:—

“The Council shall make such regulations as shall secure to Homeopathic Practitioners and to all applicants for registration who desire to be practitioners of the Homeopathic School, rights and privileges in respect of registration by the Council, not less than those now possessed by them under the laws of any province, and under the regulations of the provincial medical council thereof.”

AND WHEREAS in the two oldest provinces of the Dominion, Homeopathic applicants for registration are, and have been for years, examined by Examiners of their own School only;

AND WHEREAS, up to the present time the act in respect to such rights and privileges has not been carried out;

I, THEREFORE, give notice that I shall move, in obedience to the explicit requirements of the said Act that paragraph 8 of THE MEDICAL COUNCIL OF CANADA regulations be amended to read:

“CANDIDATES who intend to be examined by the Homeopathic Examiners shall signify their intention to the Registrar at least four weeks previous to the commencement of the examination.

Homeopathic students are to be examined by examiners approved by a majority of the Homeopathic Members of the Council.”

Moved that Dr. Jarvis' motion be referred to the Rules and Regulations Committee.

After prolonged discussion, in which a number of the members took part, Dr. Jarvis' motion was lost.

The President appointed the following nominating Committee: Drs. Walker, Dagneau, Braithwaite, MacCallum, and Van Wart.

1 p.m.—Adjournment.

Dr. Young read the report of the Finance Committee, as follows:

REPORT OF THE FINANCE COMMITTEE, JUNE, 1921.

Your Committee on Finance begs to report as follows:

1. Submitted herewith is the auditors report for the year ending March 31st, 1921. We have looked carefully into the expenditures incurred during the year, and vouchers covering the same, and find them to be correct and in order with the exception that there does not appear to be any authorization for the expenses incurred by Dr. Connell and the Registrar, while attending a meeting of Medical men, in Chicago, the amounts being respectively, Dr.

Connell, \$125.00; Dr. Powell, \$128.60. Will the Council please deal with this matter by special resolution. It is recommended that in future such expenditures be not incurred unless specially authorized by Council, or in the interval, by the Executive Committee.

2. We have received the accounts presented by members of the Council, in connection with their attendance at this meeting, amounting to \$5,997.50, and recommend that same be passed for payment.

Respectfully submitted,

DR. A. MacG. YOUNG,

CHAIRMAN.

Report of the Finance Committee.—Carried.

Dr. Young moved, "That the accounts of Dr. Connell and Dr. Powell, be paid."—Carried.

Moved by Dr. MacMillan, "That this Council authorize the Executive to send representatives to the meeting of Congress next year."—Carried.

Moved by Dr. Van Wart, seconded by Dr. Jarvis, "That the Registrar be given authority for the re-issue of the book of Rules and Regulations, a copy of same to be sent to each member of the Council."—Carried.

Moved by Dr. Young, seconded by Dr. Mackay, "That while recognizing that the Medical Council of Canada has no right to demand any requirements as to preliminary education, that this matter be referred to the Committee on Educational Standards, with the object of enquiring into the requirements of preliminary Education of the various Provincial Councils and Universities and bring in a report to the next meeting of this Council."—Carried.

Moved by Dr. Sugden, seconded by Dr. Harris, "That the thanks of the Council be tendered to:

The University of Toronto,
The University of McGill,
